LIVELY MEETING OF CHAMBER OF COM.

AID VOTED TO CHILDREN'S
HOME.

HARVEST HOME FESTIVAL

Committee Appointed To Ar-
range For Entertainment In
November; Chamber Will
Assist High School.

There was one of the liveliest meetings of the Chamber of Commerce held in some time, in the library building, Friday evening of last week.

There was a delegation representing the Huntington Beach Union High school, Principal V. B. Brown, Cecil McCoy and Leo Lavinger, for the purpose of asking the Chamber of Commerce to co-operate with the Student Body of the school in securing a good lecture course for the coming season. Mr. Brown stated that a good lecture course was of much value to the community. The course contemplated, he said, would cost considerably more than those of preceding years, and the students felt that they would like the assistance of the Chamber of Commerce in the matter.

Leo Lavinger said that the service being contemplated would cost about \$400, and season tickets would be sold for \$1.05 for adults; 75c for High school students, and 50 cents for Grammar school students. The numbers, he said, would be furnished by the Redpath company, with the exception of the Home Talent one, and were all guaranteed to please. Leo thought that if the Chamber would endorse the lecture course it would be a big boost for it, and there would be no doubt of a successful termination.

Cecil McCoy, the young man who sold more Liberty Bonds than any other person, firm or corporation, except Judge Copeland of the First National Bank, said that although the Student Body was starting the season with less money than in past years, a Liberty Bond had been purchased. The lecture course, he was sure, would be of much benefit to the community.

Ralph C. Turner said that as the High school students had assisted the Chamber of Commerce Community Bargain Day, he was very much in favor of assisting them in the lecture course, and asked just what was expected of the Chamber. Mr. Brown said that as the additional cost this year would be about \$125, the students felt they would like some help in carrying the responsibility.

Mr. Brown said that while the school had been of much benefit in the past, he believed it was possible for it to be of greater service in the future. He mentioned the musical and manual arts departments as being ones that could be made of great benefit, saying he thought there were few schools in the state that had a better musical department than Huntington Beach. Mr. Brown thought that a night class might be conducted in the manual arts room, if a sufficient number could be found who would be interested.

Judge Copeland was pleased with the suggestions by Mr. Brown, and he would like to see classes in these branches organized for the benefit of all who desired the service, and he suggested that there was no reason why classes in Spanish and music could not be taught under the supervision of the director of that department.

H. T. Dunning said he did not know of a more worthy cause, and favored assisting to the extent of \$25 or \$50.

J. A. Armitage moved that a committee be appointed for a conference, which prevailed after being seconded by City Attorney Alex. P. Nelson, and the chair appointed Dr. Wilson, Trustee Chapin and Mr. Nelson as the committee. After a conference with the school representatives, Dr. Wilson reported for the committee that the Chamber of Commerce assist the High school in giving a course of five lectures, at a cost of \$440, and the report was adopted without dissent.

F. H. McElfresh, chairman of the committee appointed at the special meeting to investigate the advisability of holding a Harvest Home Festival just before Thanksgiving, reported that the committee had interviewed several and believed that the idea

was a feasible one, as enough products could probably be secured to make the exhibits of interest and the affair worth while. He suggested that speakers might be secured to talk on bean and beet culture.

Judge Copeland said that some of the farmers felt that they were royally entertained on Community Day, and they would now be given a Bargain Day, and it would now be a good plan to follow up with the Harvest Home Festival. Ranchers, he said, were proud of what they grew, and would be pleased to show their products. The factories, he said, would also make displays, and, if thought necessary, a queen could be elected. Mr. Nelson said the entertainment habit was a good one for any community to form, and he thought the Community Day program did more good than almost anything that could have happened.

Mr. Armitage favored the Festival. B. T. Mollica thought something larger should be undertaken, as he said what was required in Huntington Beach was a market for the farmers' products.

A motion by Judge Copeland, that the committee report be accepted and the Festival given, prevailed unanimously.

Mrs. Nelson reported for the committee appointed to investigate conditions at the Children's Home, saying that there was urgent need for shoes, sweaters, caps and shirts. The children, she said, showed good training, and she felt that the Chamber of Commerce should assist the Home financially, if it was possible to do so.

Mr. Armitage moved that a cash donation be made, to be spent under the supervision of the committee; which carried, after being seconded by Mr. Nelson.

The attendance at the Home, Mrs. Nelson stated, was from 13 to 16, and as the State did not assist any home with less than 20 inmates, no funds from that source could be obtained.

Judge Copeland said the women were in advance of the men in advocating better streets and lights to get to the Grammar school. Some, he said, favored the improvement of Fifteenth street, and others Acacia, Orange or Palm to Seventeenth street. All agreed that some effort should be made to provide more convenience in reaching the Grammar school, and H. T. Dunning and F. H. McElfresh were appointed to assist Ed Manning, chairman of the committee on streets, to investigate the situation and make recommendations to the city trustees.

Harold H. Campbell, principal of the Grammar school, was elected a member.

The following bills were ordered paid: J. H. Eader, \$2.50; C. R. Furr, \$3.35; Rigdon's Pharmacy, \$2.25; Huntington Beach Ice Co., \$6; McElfresh Mercantile Co., 75c; Obarr's Drug Store, \$10.50; Mrs. C. E. Kutzner, \$10; Huntington Beach Company, \$2; San Pedro Lumber Co., \$4.93; C. W. Warner, \$11.94.

YOU ARE INVITED TO VISIT NEWPORT BEACH.

SATURDAY, NOVEMBER 3, IS THE
TIME.

J. A. Armitage extended an invitation at the Chamber of Commerce meeting to visit Newport Beach, Saturday, November 3rd, and inspect the harbor.

The invitation is extended to all who care to make the trip, and those who desire to go on the Pacific Electric line should take the car leaving the station at 10:20. There will be boats for all who care to ride over the bay and judge for themselves as to the feasibility of constructing a harbor.

Those who desire to spend the day can take lunches along. Boats and bath suits are among the things mentioned as being on the free list.

THE TEMPERATURE.

The lowest temperature recorded in Huntington Beach so far this season, according to a record kept by Frank H. Rigdon of Rigdon's Pharmacy, was 47 degrees at 6 o'clock a. m., October 20. Monday morning of this week the mercury registered 50 degrees. When the temperature drops below 50 degrees, it is chilly in Huntington Beach.

COMMUNITY BARGAIN DAY A BIG SUCCESS

SATISFACTORY BUSINESS
WAS TRANSACTED.

MOST EVERYBODY SATISFIED

Some Stores Did Record Business; Free Picture Show In
Afternoon; Band Concert In Evening.

Community Bargain Day, Saturday, under the direction of the Chamber of Commerce, was a big success from start to finish, and there is universal satisfaction over the affair.

Community Bargain Day was the second one of a series of events that was outlined by the Chamber of Commerce last summer, the first one being Community Day, September 8, when there was a fine program for the entire day and no one asked to make any purchases.

Saturday was somewhat different—most of the merchants in the city offering some special bargains, and there was a free entertainment at the Princess theatre from 1 till 5 p. m., and 1284 persons attended the free shows. The free concert in the evening by "Pop" Endicott's band was enjoyed by a large number.

While there were probably not as many ranchers in the city as had been expected, and as were present on Community Day, there were many visitors, several of whom were from Newport Beach.

It was the first concerted move on the part of all the merchants of Huntington Beach to make a drive for the business that belongs to this city, and the results were satisfactory beyond expectations in some lines. The volume of business transacted in some stores was not the largest for the year, but all feel that the move was one along the proper lines to eventually bring outside business to the stores of Huntington Beach.

When previous sales are compared, the big business of the day was transacted by the M. A. Turner Co. store, dry goods, shoes and furnishings, the sales of the day being far and beyond those of any previous day in the history of the firm.

The McElfresh store, dry goods, shoes and furnishings, was a close second when comparisons are continued, as more business was recorded Saturday than any other day since Mr. McElfresh took charge of the place, four years ago, with but one exception, when he conducted a big advertising campaign two years ago, when one day he did more business than on this occasion. Mr. McElfresh and Turner Brothers report a considerable portion of their business was from residents of Newport Beach, where some advertising was done by the committee having charge of the arrangements.

A. M. Nolder of the Basket Grocery also reports more business than on Community Day, when he did a record business.

Rigdon's Pharmacy enjoyed a busy day, and sold an unexpectedly large amount of Palm Olive soap, which was the only item the firm placed on the bargain counter—at 4 cakes for 35 cents.

One of the popular places during the day was the grocery store of McKenney & Bentley, where Mrs. W. A. Double served punch and waters to all visitors, and Geo. F. Bentley, the junior member of the firm, was introduced to those who called during the day. A satisfactory business is reported.

W. M. Adair, the grocer in the Johnson building, as well as McKenney & Bentley, did not deliver any goods on this day, and made some very low prices for cash, and his store was one of the busy places of the day.

The Savings Bank arranged with most of the merchants to give a credit of 50 cents on new savings accounts to those who presented orders from the stores at the bank, and a satisfactory number of new accounts are reported. The bank was kept open in the afternoon for the purpose.

The E. K. Wood Lumber Company was among the firms who offered a popular special for the day, and Manager Raymond Grey was busy taking care of the business. The firm offered to furnish material for a garage for the low price of \$33.33, which was

advertised as a "Community Garage," and several sales were recorded.

Constable Gale Borgey of T. B. Talbert & Co. reports the sale of a Ford car.

Other firms that participated in the Community Bargain Day advertising and report a satisfactory business, but not as large as on some former occasions, were: Obarr's Drug Store; Canady's Jewelry Store; Rigdon's Studio; Huntington Beach Hardware Co.; B. T. Mollica, shoes; A. W. Morehouse, feed and fuel, who gave away paring knives and lead pencils; Carl Olson, furniture; Jackson's Candy Shop; The Kutzners, confectioners; Eader's Bakery; The Electric Shop, motors and pumps; Huntington Beach Co., real estate; San Pedro Lumber Co.; Huntington Beach Nurseries; John L. Wyatt, dry goods and shoes; Arrow Garage; W. D. Seely, real estate and insurance; City Garage; Huntington Beach News.

The committee having charge of the event was composed of F. H. McElfresh, Ralph C. Turner and C. R. Furr. Mr. Furr left the city, and the plans were carried out by Mr. McElfresh and Mr. Turner.

THE SOUTH COAST IMPROVEMENT ASS'N.

JUDGE COPELAND ELECTED AS
TREASURER.

There was an important meeting of the South Coast Improvement Association at Balboa, Monday night. One of the topics discussed was the coast road between Newport Beach and Huntington Beach. While none of the supervisors were present, it was stated that this section of the coast highway would be paved when constructed.

J. A. Armitage, who had charge of the association affairs when so much good work was accomplished, was elected secretary at a salary of \$150 per month and expenses. Mr. Armitage stated that he would donate \$25 per month of this amount to the association.

A resolution by E. E. French of Huntington Beach was adopted, that the South Coast Improvement Association favor the electrification of the Southern Pacific line from Huntington Beach to Anaheim.

Judge Louis A. Copeland, president of the First National Bank of Huntington Beach, was elected treasurer to succeed Lew H. Wallace, president of the First National Bank of Newport Beach.

Those attending from Huntington Beach were Judge Copeland, Mr. French, H. V. Anderson, Trustee R. H. Chapin and City Manager Geo. W. Spencer.

THERE WERE 550 SEEDS IN THE PUMPKIN.

MRS. H. A. GALLIENNE WON THE
PRIZE.

The prize offered by Carl Olson, the furniture dealer, Community Bargain Day, for the one who guessed nearest the number of seeds in a pumpkin which was on display at his store, was won by Mrs. H. A. Gallienne, who guessed 547, while the number counted by the judges was found to be 550. The prize was a rocker, valued at \$4.50.

The lowest number guessed was by Mrs. A. W. Griffith, 44, and the highest by Mrs. J. W. Towry, 615. The judges were M. A. McCreery, Geo. W. Wardwell and Frank Catching.

NEW MANAGER FOR THE HUNTINGTON BEACH ICE PLANT.

H. O. Wilson of Los Angeles has been appointed manager of the Huntington Beach Ice Company's plant on Atlanta street, and assumed charge Sunday morning, succeeding Charles Goldsmith, who has operated the factory since February of last year.

Mr. Wilson will move his family to Huntington Beach in the near future. Mr. Goldsmith has accepted the agency for one of the big eastern manufacturers of ice-making machinery, and will make his headquarters in Los Angeles.

BOWLS BIG SCORE.

Otto Modglen stirred up the atmosphere at the bowling alleys Sunday by chalking up a score of 257, the biggest that has been bowled for some time. Most of the bowlers lately have been traveling along on the shady side of the 200 mark.

RECEPTION TO PASTOR A DELIGHTFUL AFFAIR

AT METHODIST CHURCH
TUESDAY EVENING.

REFRESHMENTS WERE SERVED

Rev. and Mrs. R. I. McKee Given
a Royal Welcome; Judge Warner, Revs. Towry and Willet Were the Speakers.

One of the delightful social functions of the season was the reception tendered Rev. and Mrs. R. I. McKee at the Methodist church, Tuesday evening.

Rev. McKee is the new pastor of the church, and the get-acquainted meeting Tuesday evening was gratifying to all concerned.

The reception was held in the Sunday school room of the church, which was nicely decorated for the pleasant occasion.

The guests that arrived early were comfortably seated when Judge Louis A. Copeland appeared. He decided that the social side of the affair would be enhanced if the guests were compelled to stand during the reception, and with the assistance of F. H. McElfresh, Judge Warner and Dr. Wilson, the chairs were removed and the guests, except some of the elderly ones, were kept standing for about an hour.

Judge Copeland also was on the lookout that none became clannish, as he kept those present circulating about the room to make sure that each one present shook hands with every one in the room, no matter if one did happen to greet the same person five or six times.

After the guests were all seated, Judge Copeland stated that he had been asked by the ladies of the church under whose supervision the reception was given, to take charge of the meeting, and he introduced Judge Charles W. Warner, who delivered the address of welcome on behalf of the church in an interesting manner. Judge Warner surprised his audience by stating that the word "welcome" did not appear in the Bible, so far as he knew, it having not been in use in the days of the prophets. It was an old Saxon word, he said, that had reached us through a French translation. He said there was another side besides the commercial and the dollar, and that was the spiritual; and that was why they were assembled to bid the new pastor and his wife welcome.

Rev. C. Carey Willett, pastor of the Baptist church, and Rev. J. W. Towry, minister of the Christian church, each delivered decidedly interesting words of welcome to the new Methodist divine.

Rev. Towry said of all the things that he disliked it was to hear anyone offering sympathy to the ministers, as, he said, they required no sympathy from anyone, but did need co-operation. Rev. Willett said that the Methodist ministers were usually certain to remain for a whole year in one place, but those of the Baptist faith were never sure that they would remain in one place for such a long time.

Rev. McKee, in responding to the kind words of welcome, displayed a pleasant personality, talked in an agreeably deliberate manner, and his general attitude was indicative of sincerity.

The program consisted of a piano solo by Miss Ruth Hudson, and "The Star Spangled Banner" by the Boston symphony quartette—Mrs. Louis A. Copeland, Mrs. Harry A. Bowman, Mrs. Paul C. Elfeld and Miss Mary A. Turner. Each number was much appreciated, and Miss Hudson responded to an encore, but the audience was unable to induce the quartette to respond, although some almost made their hands sore trying to do so. Miss Hudson displays considerable talent at the piano, and is a valuable acquisition to the musical talent of the city.

After the program, Mrs. James T. Strahan announced that refreshments were ready in the banquet room of the church.

NEW BOOKS AT THE LIBRARY.

Miss Bertha Proctor, librarian, announces there is now a special table at the library containing books and magazines on food conservation; also a card file of war recipes, and two of Gerard's books.

RED CROSS OPEN FOUR DAYS A WEEK.

BIG BUSINESS WAS TRANSACTED
SATURDAY.

The Huntington Beach Red Cross auxiliary will be open four days each week in the future. Tuesday afternoon will be known as clipping day, and will be in charge of Mrs. Woods; Wednesday will be sweater day, and Mrs. H. V. Anderson will preside; Thursday socks will be the order of the day, with Mrs. S. A. Moore at the helm; Friday, Mrs. Louis A. Copeland will have charge of making scarfs.

The ladies of the Red Cross conducted a pure food sale and served lunches, Saturday, and were very successful, the effort netting the treasury about \$75.

Mrs. Chas. H. Endicott, president of the auxiliary, states that there is no foundation for the rumor that some articles that had been made would be ripped up and the material used for something else.

Mrs. Endicott says that yarn has advanced from 55c to \$1.25 per hank in the past two months, and it can only be obtained in one store in Los Angeles.

HIGH SCHOOL LECTURE COURSE COMPLETED.

FIVE NUMBERS ARE INCLUDED
IN LIST.

The dates for the High school lecture course have been arranged, except the Home Talent number, which will be set later.

Some of the highest class talent in the country is included in the course this year, and it will no doubt be the most successful, as well as the most instructive, one given by the school.

The first number will be given next Monday evening in the Grammar school auditorium. Montroville Wood will furnish the entertainment. He is a noted scientist, said to have been associated with Thomas A. Edison for several years.

The other numbers will be Homeland Quartette, Thursday, Nov. 22; A. Gordon Bennett, inspirational lecturer, January 7, 1918; Laurant & Co., magicians and entertainers, April 4th.

Season tickets are being sold at \$1.05 for the five lectures, or 35 cents for admission to one of the entertainments.

NEW CARRIER FOR RURAL ROUTE NO. 1.

W. T. NEWLAND, JR., IS NOW ON
THE JOB.

W. T. Newland, Jr., is now distributing the mail on rural route No. 1 from the Huntington Beach post office, having succeeded Dennis T. Hallick, who retired from active service when he returned from his day's work, Wednesday afternoon.

Postmaster DeLapp asked the department to fill the vacancy from the civil service list, but no one was appointed, and Mr. Newland accepted the position. Will has resided here most of his life and is acquainted with nearly all of those whom he will serve.

MEETING OF MERCHANTS MONDAY EVENING.

There was a meeting of members of the Mutual Protective Association, in the library building, immediately after the adjournment of the Chamber of Commerce.

Trustee Chapin, president of the association, was in the chair, and Judge Warner was secretary. President Chapin read a portion of the new by-laws, when it was decided to adjourn and take up the matter at some special meeting.

SEVEN CUTTINGS OF ALFALFA.

A. F. Swift of Talbert run into the city, Tuesday afternoon, between loads of alfalfa, which were being placed in his barn. When asked about his crop, stated that he had harvested seven cuttings between March 10th and October 26th, of about eight tons per acre. Mr. Swift has 42 acres in alfalfa, 35 of which were seeded this year, and of course the yield is much lighter on the new acreage, being but about 3½ tons per acre.

EARLIER MAIL.

The evening mail is now arriving on the car due here from Los Angeles at 3:20 and is ready for delivery about 4 o'clock.

Society and Personal

From Colton.

Guy L. Rick, city clerk of the city of Colton and secretary of the Colton Chamber of Commerce, was in Huntington Beach, Saturday. Mr. Rick started out to attend the meeting of the commercial secretaries of Southern California at Huntington Park, and was surprised to find there was no such meeting here. He left on the first car for Huntington Park. The names of Huntington Beach and Huntington Park are somewhat confusing to those who know nothing of either of them.

Moved to Los Angeles.

Mr. and Mrs. J. P. Weinschenk have moved to Los Angeles, where they will remain while their daughter, Miss Fay Weinschenk, is in Occidental College. They have leased their Westminster ranch. A short time ago a statement was made in the News that there had been but one student who had completed the four-year course in three years. This was erroneous, as Miss Weinschenk accomplished this achievement, being a member of the class of '14.

Moved to Hawthorne.

Mrs. S. E. Ekerson and daughter, Miss Evva Ekerson, moved to Hawthorne, Sunday, where they expect to reside in the future. Mrs. Ekerson traded residences with Mr. and Mrs. C. P. Pann, who will occupy the Ekerson home. Mrs. Ekerson and her daughter have resided here for three years and have a large circle of friends, whose best wishes follow them.

From Idaho.

Mr. and Mrs. Leo Koppl, who have been at Shelly, Idaho, for several months, where Mr. Koppl was employed on the construction of a new sugar factory for the Utah Northern Sugar Co., returned to Huntington Beach Thursday of last week. They expect to leave in a few days for San Francisco, where Mr. Koppl will probably work in the navy yard.

From Wisconsin.

Mr. and Mrs. B. F. Lindsley of Frederic, Wis., arrived in Huntington Beach, Friday night of last week, and are at the home of Mr. and Mrs. L. W. Stearns, parents of Mrs. Lindsley, where they will remain indefinitely. Mr. and Mrs. Lindsley left Huntington Beach about two years ago for Wisconsin.

At Camp Lewis.

O. B. Skinner, son of Mrs. Fannie M. Skinner of this city, has been appointed chief mechanic and also sergeant of a machine gun company, 36th Infantry, at Camp Lewis. His mechanical ability and pleasant disposition have won for him the admiration of his fellow-soldiers at American Lake.

Moved to Torrance.

Mr. and Mrs. H. M. Tolson and family moved to Torrance, Friday of last week, where they will make their future home. Mr. Tolson will work at his trade as a plumber. Mr. and Mrs. Tolson have resided in Huntington Beach for five years and have many friends who regret their moving away.

From Hawthorne.

Mr. and Mrs. C. P. Pann of Hawthorne have moved into the house at 514 Sixteenth street, formerly occupied by Mrs. Eckerson and daughter, Miss Evva Eckerson. Mr. Pann has been carrying the mail in Huntington Beach since the establishment of free delivery.

Epworth League.

There will be a social meeting of the Epworth League of the Methodist church in the church edifice next Wednesday evening. Refreshments will be served. The affair is in charge of Robert Winn, chairman of the social committee.

From Downey.

Mr. and Mrs. Harry R. Haines, formerly of Downey, have moved onto their 5-acre tract, west of the cemetery, which Mr. Haines purchased from the Huntington Beach Company about 5 years ago.

Two Months' Vacation.

Miss Mabel Birch is on duty again at the First National Bank after an absence of two months, most of the time being passed with relatives and friends in Illinois and Minnesota.

Passed Away at Long Beach.

Mrs. Anna Simonds of Long Beach passed away October 18th. Mrs. Si-

monds was well known in Huntington Beach, having frequently been the guest of Miss Bertha Proctor.

W. C. T. U.

The regular meeting of the Woman's Christian Temperance Union will be held in the Methodist church next Wednesday afternoon at 2:30. A cordial welcome extended to all.

Woman's Club.

The next meeting of the Woman's Club will not occur until Tuesday afternoon, November 13th. The program will be published next week.

Brother Passed Away.

Carl Olson received a telegram, Monday morning, announcing the passing away of his youngest brother, O. A. Olson, of Roland, Iowa.

Attended Funeral.

Mr. and Mrs. L. M. Lindsley attended the funeral services for Mrs. Mary Whitmore, aunt of Mrs. Lindsley, in Los Angeles, Wednesday.

From Anaheim.

Mr. and Mrs. J. E. Stockwell of Anaheim were the guests of their daughter, Mrs. O. A. Horn, and family, Sunday.

From Berkeley.

Mr. and Mrs. C. R. Stanford entertained Prof. H. C. Bryant of Berkeley at luncheon, Thursday.

From Santa Ana.

Mrs. M. B. Stearns of Santa Ana is the guest of Mr. and Mrs. C. J. Gardner.

Visited Newport Beach.

Mr. and Mrs. A. M. Scott were in Newport Beach this week.

"THE RESCUE" WILL BE SHOWN SATURDAY EVE.

"A Magdalene of the Hills" for Tuesday Night.

WELL BALANCED COMEDY PROGRAM SUNDAY.

Mrs. Nelson wishes to announce that, beginning with Saturday, Nov. 3rd, the prices of admission to the Princess theatre will be advanced as follows: All 5c tickets will, after that date, be 6c; all 10c tickets, 11c, and 15c tickets, 17c. This advance is made for the enforcement of the new war revenue law, and in advancing the price of admission the Princess simply acts on behalf of the government as the medium of collecting the tax.

The Bluebird feature for Saturday night is to be "The Rescue," a five-reel problem play, featuring Dorothy Phillips, supported by an entire cast of Bluebird stars. "The Rescue" is an engaging society drama based on Hugh Kohler's story of the same title, and treats the divorce problem from an entirely new angle and in an original and pleasing manner. Miss Phillips will play the role of a divorced wife, who conspires to save a trusting young maiden from the results of her infatuation for the ex-husband.

As the principal scenes of the play are laid at seaside resorts where aristocrats sojourn, the costuming will be lavish and striking. Gowns from San Francisco, New York and Chicago will demonstrate that the American woman can get along very well indeed without Paris modes to enhance their native charms. The photographic beauty of this picture is especially noticeable. The radiant sunshine of the West Coast has been caught by the camera as it floods beautiful vistas of lawns, flower beds and stately mansions. The finish of the play provides a denouement that is quite at variance with what would naturally be expected as the climax to a series of gripping episodes. "The Rescue" is an unusual photoplay, beautifully pictured and ably acted.

Sunday's offering will be a well balanced comedy program that will please all.

Charming Mabel Taliaferro, who will be seen Tuesday night in "A Magdalene of the Hills," has been on the stage practically all of her life, her first appearance being in "Blue Jeans" when she was two years old. Since her advent to the screen she has starred in such noted screen successes as "Cinderella," "Her Great Price," "God's Half Acre," and many others of equal merit. She brings to the screen a finished style of acting,

which only long experience upon the speaking stage can develop. "A Magdalene of the Hills" is a story of the Kentucky mountains, and tells a wonderfully thrilling story of a family feud. Miss Taliaferro takes the role of a Southern mountain girl. Her brother has been killed and she vows vengeance against his slayer. She tries to kill the wealthy young man from the East, whom she thinks is the murderer. He is kind to her, and she falls in love with him, and then a tragedy takes place. The young girl is arrested for murder and the young Easterner defends her, and she is acquitted. "A Magdalene of the Hills" is a drama of unusual strength and dramatic excellence, and all of the several roles are admirably enacted, and, aside from being powerfully acted, the play has splendid scenic settings, the exteriors having been made in Georgia, Kentucky and Florida by some of the most noted knights of the camera which filmdom boasts. Miss Taliaferro considers "Reine Mathis" the strongest role of her screen career, and she has put unusual power and beauty into the part. The admission for this night will be: Adults, 17 cents; children, 11 cents.

COMMUNITY BARGAIN DAY COM. REPORT.

HAS A BALANCE ON HAND OF \$11.25.

The committee having charge of the Community Bargain Day arrangements has filed a final report with the secretary of the Chamber of Commerce. The total amount of money collected for the affair was \$106.25, and the expenditures were \$95, leaving a balance on hand of \$11.25. The report is signed by R. C. Turner and F. H. McElfresh, and they are to be congratulated upon the splendid showing.

The committee appreciates the loyalty of the Huntington Beach Municipal Band, as that organization was ready to play for a fixed price, but stated that if the fund should run short a less amount would be satisfactory.

A LARGE EGG.

One of the largest eggs placed on exhibition at the News office for some time is the one brought in Tuesday evening, laid by a Plymouth Rock hen, owned by Mr. and Mrs. Stanley Coates, on their dairy ranch near Westminster. The egg measures 6 1/2 x 7 1/4 inches and weighs 9 ounces.

CHRISTIAN SCIENCE SOCIETY.

Christian Science Society services held Sunday morning at 11 o'clock, at the corner of Eighth St. and Olive avenue. The subject for Sunday, November 4th, will be: "Everlasting Punishment." Sunday school at 9:30 o'clock a. m. Wednesday evening meetings at 8 o'clock. Reading room in church open Monday, Wednesday and Friday afternoons from 2 till 4, where the Bible and authorized Christian Science literature may be read or purchased if desired.

FINE LECTURE GIVEN BY PROF. H. C. BRYANT. VIEWS OF BIRDS AND ANIMALS SHOWN.

The Woman's Club is certainly to be congratulated upon the matinee given at the Princess Theatre Thursday afternoon, when Prof. H. C. Bryant of Berkeley appeared and delivered his famous lecture on wild bird and animal life in California, illustrated by moving pictures, showing birds and animals in their secluded homes.

Prof. Bryant has charge of the state museum of vertebrate zoology at Berkeley, being a recognized authority on his subject. He has a charming speaking voice, and his lecture is one of the most interesting imaginable on wild life in the Golden State.

The mission of Prof. Bryant is to educate the public to higher appreciation of wild birds and animals, so they will not all be eventually destroyed, as some kinds have already been.

Prof. Bryant began his lecture by saying that he was not surprised that the boys and girls of this vicinity were interested in bird life, as he had seen some very interesting birds when coming along the shore on the car. He mentioned the curlews and sandpipers, saying that they were migratory birds. The curlew, he said, reared its young in the northern solitudes of far-off Alaska and wintered as far south as Chile, on the Pacific coast of South America.

Prof. Bryant stated that two kinds of animals and two kinds of birds were now extinct, having all been slaughtered by the hunter, who merely destroys life for pleasure. The grizzly bear, a big deer, a large swan and the prairie chicken were the ones mentioned by Prof. Bryant as having been destroyed.

Mrs. C. A. Johnson, president of the club, had charge of the arrangements, and Mrs. Alex. Osterhaus collected the tickets at the door. There were 320 children and 62 adults attended the lecture.

Would pay what they owe right now, there would be a surprise party in town.

Business would take on a different aspect. The merchants would feel better and so would the customer. We went around this morning and paid everyone we owed.

COMMUNITY FALL FESTIVAL NEXT MONTH.

COMMITTEE DECIDED TO CHANGE NAME.

There was a meeting this morning of the committee having charge of the entertainment outlined at the Chamber of Commerce meeting last week, and it was decided to change the name of the entertainment from Harvest Home, as was originally contemplated, to Community Fall Festival, in order to keep the word "Community" in the name of the celebration.

The festival will be held Saturday, Monday and Tuesday, November 24th, 26th and 27th.

It is planned to have a lecture on beet and bean culture.

The Red Cross will probably have a display of articles.

Arrangements will be made for the exhibition of farm products of all kinds, fancy work, heirlooms, vegetables, green and cured, canned fruits and needle work. There will also probably be a demonstration of making war bread. A lecture on the conservation of food is also among the proposed features.

METHODIST LADIES WILL SELL COOKED FOOD.

The ladies of the Methodist church will hold a cooked-food sale and serve lunch Saturday, November 24th, at a down-town location, to be announced later.

HIGH SCHOOL NOTES

(By V. B. Brown, Principal.)

New students for the week are Julia French and Carmel Grana, both taking Commercial courses.

The Girls' League gave a reception to the Freshmen girls Wednesday at one-thirty o'clock in the Manual Arts building. The building was decorated in a manner that suggested Halloween, and the stunts that were carried out were in keeping with the day. It is reported that the realistic representations gave some nervous chills. Punch and doughnuts were served.

The Sophomores give their annual reception to the Freshmen class tonight in the Manual Arts building.

In another column of this issue is a call for an expression from any who are interested in night school.

Grade cards for the first month are out today. Reports will be issued four times each semester.

A Student Body assembly was called Thursday to hear reports from various officers and committees.

Remember the Lecture Course.

HOLLY SUGAR CORP. BUYS \$10,000 BONDS.

JUDGE SHIRLEY LARGEST INDIVIDUAL PURCHASER.

The Holly Sugar Corporation showed its loyalty to the Government by subscribing for \$10,000 worth of the Liberty Loan Bonds, which enabled Huntington Beach to make up the allotment for this community. Had it not been for Manager C. A. Johnson, Huntington Beach would have been the only city in the county to fall behind in going "over the top." The largest individual buyer was Judge J. W. Shirley, who showed his patriotism by subscribing for \$1,000 of the bonds. The city of Huntington Beach bought \$5,000, and the First National Bank \$2,000. Several \$500 lots were taken. There were 140 different purchasers bought the \$33,150 of bonds sold by the First National Bank. The Boy Scouts turned in 30 applications, totalling \$1,700.

Several bonds were sold by women, of whom Mrs. Frank H. Rigdon had charge.

ROAD PAVED WITH EMPTY SHELLS.

H. CARTER PICKS UP 3750 IN SHORT DISTANCE.

Herman Carter, superintendent of the Bluebell Gun Club, in the Westminster district, was in Huntington Beach Tuesday and stated that the day after the opening of the duck season he picked up 3750 empty shells in a distance of one-quarter mile along the gun club property. The shells were worth about \$150 before being fired, and the hunters probably bagged about \$1.50 worth of ducks; but think of the sport they enjoyed.

ASSOCIATED CHAMBERS OF COMMERCE MEETING.

The regular monthly meeting of the Associated Chambers of Commerce of Orange county was held in the city of Orange, Wednesday night.

The representatives from Huntington Beach pledged the sum of \$10 from the Huntington Beach Chamber of Commerce to fight the proposed raise in telephone tolls.

Those attending from Huntington Beach were: T. B. Talbert, chairman of the Board of Supervisors; V. B. Brown, principal of the Huntington Beach Union High School; Ralph C. Turner, and E. E. French.

FOOD PLEDGES BEING SECURED.

Mrs. H. T. Dunning has charge of securing food pledges in Huntington Beach and is being assisted by Mrs. S. A. Moore, Mrs. R. L. Obarr, Mrs. Reuben Catching, Mrs. D. W. Huston, Mrs. F. H. Sylvester, Mrs. Mary McCain, Mrs. Alex. P. Nelson and Mrs. H. J. MacGregor. Satisfactory progress is reported.

STATION WINDOW BROKEN.

Someone broke a pane of glass in one of the windows on the ocean side of the Pacific Electric station a few nights ago and opened the window and entered the office, but Agent J. M. Kinsey was unable to check up anything that had been carried away.

SOME NEW WALKS.

New cement walks have been completed at the public library on Eighth street and Walnut avenue. The one on Walnut avenue passes the fountain recently installed on the lawn. Cement walk approaches have also been laid at the Woman's clubhouse.

MUNICIPAL CHRISTMAS TREE CHRISTMAS NIGHT.

COMMITTEE MEETING TUESDAY AFTERNOON.

There was a meeting of the program committee of the Municipal Christmas Tree, Tuesday afternoon, and it was decided to prepare the tree for Christmas night, as most of the business men would be too busy Christmas Eve to take part. Ralph C. Turner is chairman of the committee, and others attending the meeting were Harold H. Campbell, V. B. Brown, Trustee Huston and T. B. Talbert.

SERGEANT TURNER'S WEEKLY LETTER.

Camp Sheridan, Montgomery, Ala.
October 23, 1917.

Dear Friends:—

In several of the letters which I have received from my friends this question has been asked: "How can we help the boys in our army, and what method should we use?"

I will now try and answer it, and also try and tell you some of the things which helps keep a variety in our camp life.

Throughout our different camps are Y. M. C. A. buildings and one library. It perhaps has been told you many times, but did it ever occur to you that they must have something of interest or else the boys would never go near them? Now, among those who read this letter, there will no doubt be three classes: First, those who are able to do considerable for the soldier boys; second, those who have only moderate means, but would also like to help; and, third, those who have a heart which would touch all if they could, but are not so fixed financially that they can.

Now, there is separate work for each and every group. To those who can, let them donate what they will to the Army Y. M. C. A. fund. The Y. M. C. A. does more for us boys than any other branch, outside of what the Red Cross is doing in France. In fact, I have often heard it stated that we didn't know what would happen should we have to do without it. The Y. M. C. A. furnishes us a place with good light, music, paper, ink and envelopes to write; it gives us hired, outside entertainment; it gives us good moving picture shows, and on Wednesdays and Sundays it has its doors open for those who care to attend the gospel services. It has young men who are leaders and hustlers in athletics and social mixers. All this, and other things too many to enumerate.

Then, those who cannot donate money, can make gloves, wristlets, sweaters and night socks for the enlisted men, and they may be distributed by sending them to the Y. M. C. A. of our different camps. Also they can do as one young lady of your city did for the writer—send a nice box of home-made candies. There is none like the genuine home-made candy, you know. Then its coming from home makes a great difference, also. Then last, but not least, those who have good books and recent magazines will kindly send them for the boys, if they feel that they can part with them. Here is an address which will handle all such, or you may send these also to the Y. M. C. A. This, however, is for those who wish to work independently: "Camp Sheridan Library, U. S. Army, Montgomery, Alabama."

I am sure the above will be very gratefully received by all army men. Of course, you can do this for any camp. The same conditions hold true for all.

The famous woman aviator, Ruth Law, is to give an exhibition here at camp October 24. The idea will be to sell Liberty Bonds. Today she gave a short flight, in which she gave the "loop the loop" and several other tricks.

Today I was ordered out on one of the fast service autos, as my large truck is being built over for special detail work.

Perhaps you know that Camp Sheridan has the record for the most healthful camp in the United States? This is partly due to its officers' great care in attending to swampy land for camp and miles around it. Also for the guarding of all evils by stationed guards, who are set at hundreds of posts for a radius of ten miles in all directions. These guards are known as military police. Well, this auto which I was on today was setting the new relief at these different posts, and so I got to see a great deal of the country about camp. Of course, our auto was only one of many used for this work. We use Dodge trucks, which, as you know, are fast for their build, and we are under U. S. Army orders, so they travel most of the time at a good rate of speed.

The country around here is mostly waste, but I believe could be cultivated if brains and ambition were used. It is certain the soil can grow some very luxuriant crops, but most of the land is covered with forests. Where the roads cut through them they are simply carved out of a tangle and growth such as you and I seldom see. The growth is from ground up and sky down, as the trees are covered with moss and blighting growths which live off of the trees.

The day of the log cabin is not over. I counted 27 very good log cabins to day, and saw many more which were partly log or ruins of former log cabins. Of course, they are used only by negroes.

We crossed the Alabama river and the Wetumpke once. The latter is far the larger, although it flows into the Alabama at Montgomery. We saw a

small steamboat loaded with cotton going down the river, so you see these small eastern rivers are quite large, after all.

The weather is cold day and night now. The trees have taken on all shades of color and are very beautiful. Well, I must close now, as I have a mile to go from this Y. M. C. A. to my tent, and it is very late (8:15), and so will wish you all the best of success.

As ever your friend,

SERGT. F. B. TURNER.

P. S.—The Y. M. C. A. has just given a very good moving picture on Alabama. It includes camp, Montgomery and other things of interest. Wish you could get them to give it at Huntington Beach. It is an all-around film for several reasons. Try and get them to give it. It can be rented from the Strand theatre here in Montgomery.

WOMAN TEACHES 51 YEARS CONTINUOUSLY.

Among the notable examples of long school service in California which have come under the notice of the State Board of Education in granting retirement salaries, is that of Sarah E. Miller of San Francisco, whose claim was allowed at the October session. Miss Miller retired at the age of 68 years after having taught 51 years in the schools of San Francisco, the only interruption of continuous service since 1866 having been two months following the earthquake and fire.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

Cushions of Ease and Elegance

If every maker of tires showed the internal structure of their casings, as the rubber saturated cord body of the Goodrich Silvertown is here laid bare, you would find three types of construction:

Cotton fabric, in five to seven plies. Thread Cord, or Web (strings the size of trout line held parallel the circumference of the tire, interspaced by cross threads) gummed together in five to seven plies—meaning internal heat.

And cable cord, the unique, patent protected, two-play structure found ONLY in GOODRICH SILVERTOWNS, the original cord tire.

Make your car high grade by equipping it with Silvertowns, the tires of aristocracy, service, speed and style.

We carry the most complete stock of Goodrich tires in this city. Let us Silvertown your car.

GRAMMAR SCHOOL NOTES

(By the School.)

Hallowe'en spirit was displayed in large and noisy quantities at the eighth grade party, Tuesday night of last week. Coming early and remaining late, the young revelers kept up an unceasing noise. Games, both indoor and out, were in progress at all times. Miss Ruth Brown and the party committee deserve special praise for decorating the Brown residence in such unique style. Refreshments were in abundance, but were sadly missed afterward. Judging by appetites, it is a marvelous fact that every student attended school on Wednesday.

Mr. Campbell, Mr. Hall and class teacher Mr. Skinner represented the faculty. Mr. and Mrs. Brown and Mrs. Fannie Skinner assisted in serving.

Many interesting costumes and facial make-ups were worn by the students. Nearly every pupil of the grade attended, and all voted the party a huge success.

A Happy Hallowe'en.

On the morning of Hallowe'en, the kindergarten children and jolly jack-o'-lanterns had a merry feast. The kindergarten room had been decorated by the little ones with smiling pumpkins, faces and black cats. The room was darkened and the candles lighted, and all the little people were seated around the tables and enjoyed a light luncheon of pumpkin, face cookies, stick candy and apples. Mr. Campbell was invited down to enjoy the happy time with the little ones.

More swings have been added to the primary grades, and the slides, when finished, will add greatly to the enjoyment of all lower grades.

The children of grade 1 enjoyed the Hallowe'en games, and the jack-o'-lanterns lighted with candles made the enjoyment of the occasion more effective.

The second grade children have won their ten flags by everyone being present and on time ten days since school began. They celebrated Wednesday afternoon with a Hallowe'en party in Circle Park. All wore Hallowe'en hats and carried their lunches and jack-o'-lanterns. A jolly surprise awaited them, for one of the mothers, Mrs. O'Brien, brought a delicious cake daintily decorated for Hallowe'en. The children spent an hour in dramatizing the following stories, which they have studied this year: "The Boy and the Donkey," "Cinderella" and "Boots and His Brothers."

Pupils of the lower grades for whom extra work in arithmetic and reading seemed advisable, are making rapid progress under the supervision of Miss Mitchell. They come to her in groups small enough so that individual attention may be given and difficulties may be discovered and overcome without delay. By means of this plan it is being made possible for several earnest pupils to do two years' work in one.

The eighth grade cooking class is now divided in two sections, one-half serves a meal to a few of the class, while the other half takes the regular lesson. The regular lessons now are on batters and doughs.

The third grade boys are enjoying their new baseball.

The school has a new set of "Studebaker Practice Exercises in Arithmetic." The fifth grade is very enthusiastically using them to review its addition, subtraction, multiplication and division combinations. The quick drills are given in an interesting form and seem to be quite suc-

cessful in securing speed and accuracy. The other grades expect to use them also.

On Monday evening, the sixth graders enjoyed themselves in true Hallowe'en style at the home of Bernice Newland, which was charmingly decorated with corn, jack-o'-lanterns and witches. Mr. Campbell and Miss Lola B. Clark, the class teacher, assisted in the games, and when the children left at an early hour, chaperoned the different groups.

The seventh grade had a most enjoyable Hallowe'en party at the home of Mrs. MacGregor, Friday evening of last week. Games were played and several prizes awarded. Light refreshments were served.

On Wednesday evening the Grammar school faculty enjoyed its annual Hallowe'en party in the south basement of the school building. A very enjoyable evening was had by those present. Mr. Walker and Mrs. Skinner were guests and partakers of the jollifications.

The privilege of attending Dr. Bryant's pictures and lecture was graciously given to the school.

TALENT SELECTED FOR OUR COMING LYCEUM COURSE

Attractions For Season of 1917-1918 Announced.

ALL TASTES CONSIDERED.

Local Committee Provides Select Year's Program at Popular Prices.

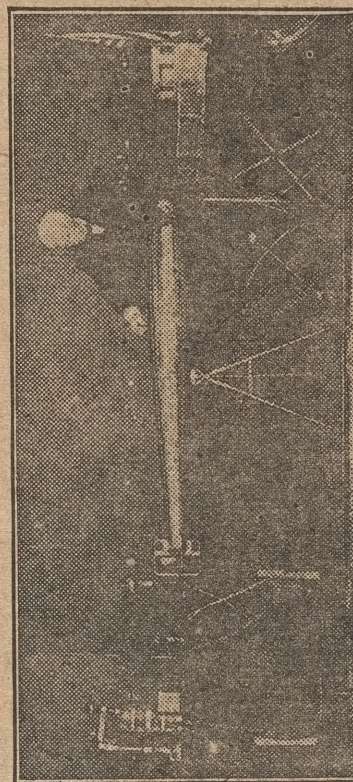

With more than 15,000 Lyceum courses in the United States, averaging five members each, and attended annually by 10,000,000 people, the supply of clean, wholesome winter's entertainment in this country is enjoying a substantial and healthy growth. Thousands of towns and cities have learned from experience that a Lyceum course is beneficial to community life in many ways. Only entertainment which is worth while can grow and stand the test of years as the Lyceum movement has done.

For the coming fall and winter in our community a choice program has been selected by the local auspices, and tickets will be sold at popular prices. A description of each number on this course follows:

MONTRAVILLE WOOD AND HIS TORPEDO WITH EARS.

Demonstrating his new torpedo with ears, producing handwriting on the wall with a ray of light for a crayon, a monorail car in midair and wrestling with a twenty-eight-pound gyroscope running at the rate of 8,000 revolutions a minute, the entertainment presented by Montraville Wood, is a series of surprises.

Mr. Wood, scientist and inventor, is the inventor of the two button electric switch and nearly 100 other practical and familiar devices. It is his gyroscope which made aerial carrying of

MONTRAVILLE WOOD.

the mail a possibility. Mr. Wood believes that mail will be carried through the air over certain routes very extensively in the future and that in 1920 we will be traveling through space from mountain top to mountain top along a single slender strand in the monorail car.

The torpedo with ears will prove of special interest, as comparatively few people have seen a torpedo of any kind. Members of the famous Union League club of New York city had Professor Wood as their guest at a recent session. He was presented by Hon. Elihu Root, former secretary of state. It is significant that at the conclusion of the demonstrations more than twenty-five men of national prominence and wealth found themselves standing in order to catch all that was being said and done.

There Is Money In Beach Acreage

If you buy at the right price and at the right beach.

There are only 8½ miles of high beach frontage now available close to Los Angeles, and 5 miles is occupied by the cities of Santa Monica, Redondo and Long Beach. Huntington Beach has the other 3½ miles.

If you price close-in acreage at the older and larger beach cities, you will find it has reached a figure that is almost prohibitive, and that there is no longer a chance for quick increase and good profits, while at Huntington Beach you can buy good, close-in acreage for

\$350 to \$500 an Acre

Easy Terms

Full half-acre tracts inside city limits, on or near paved boulevard, with every city convenience.

Terms—\$50.00 cash, balance \$25.00 every three months. Now is the time to buy, while prices are low.
